**3.1 km Return**

**446m**

This walk crosses the Glenbrook Gorge, dropping from Martins Lookout, then climbing to the Bunyan lookout on the other side, and then back again. This walk is strenuous and gives a great perspective of the two lookouts and the gorge. A great walk for the fit.

#### 0 | Martins Lookout Carpark

*(90 m 3 mins)* From the car park, the walk heads through the cable opening in the low fence, and follows the clear sandy path past the rocky outcrop, on the left. The track winds for a short time to come around a rock outcrop with a pole (without a sign) marking the intersection, on the right.

Veer left: From the intersection, the walk heads across the hillside, keeping the valley and view to the right. The track continues to soon lead out to the unfenced rock platform that forms Martin's Lookout.

#### 0.09 | Martins Lookout

Martin's Lookout is an unfenced view on the rim of the plateau, south of Valley Heights. There are views across and up the Glenbrook Creek, and to the Lost Worlds lookout (on the opposite cliffs) which features a small white crucifix. This cross is in memory of Rev. Raymer who was an avid bushwalker in the area. The plaque in the rock at Martin's Lookout is directly opposite this cross.

#### 0.09 | Martins Lookout

*(1.5 km 1 hr 4 mins)* Turn left: From Martins Lookout, the track heads south-east around the rocky knoll, with the views to the right of the track. The track quickly comes off the

sandstone surface and descends stairs which zigzag under the cliffs. The walk passes under many overhangs, some of which overhang the track as it makes its way down the hillside. Tightly winding its way down the hill, the track descends a final flight of stairs to the signposted intersection.

Turn left: From the intersection, the walk follows the 'Bunyan Lkt' post down the stairs. The walk soon meets the creek and turns left, following the creek for a short distance before crossing at an opening in the shrubs around the creek. From here, the walk follows the cairns (rock stacks) across creek flats before climbing the hill to the base of a small cliff line. At one point beneath the cliff line, the walk ducks through a hole in the rock, then winds up through boulders, following more cairns. The walk continues up the hill, passing through a few more rocky outcrops to reach the informal, unfenced Bunyan Lookout, in a clearing near the cliff line.

#### 1.57 | Bunyan Lookout

Bunyan Lookout is an large, unfenced sandstone platform overlooking the Glenbrook Creek valley. Behind the lookout, there is a small sandy clearing, big enough for a few tents. The lookout spans across Glenbrook Creek and sandstone cliffs of the valley.
