

## Sheldon Cascades walk

**15 mins**

**Easy track**

**360 m Return**

**4m**

2

This short walk explores a set of cascades, finishing at the top of a small waterfall. From the road, the walk follows the creek to a bridge just near the waterfall. You will often see rosellas feeding in the clearing near the first bridge.

Troon Creek

### **Are you ready to have fun?**

Please ensure you and your group are well prepared and equipped for all possible hazards and delays. Check park closures, weather information and Fire Danger Rating before setting out. Optional side trips and alternate routes noted are not included in this walks overall grade, length or time estimate. Please allow extra time for resting and exploring areas of interest. The authors, staff and owners of wildwalks take care in preparing this information but will not accept responsibility for any inconvenience, loss or injury you may experience. Please take care, have fun - Happy Walking.

**Getting there** You can get to Troon Place(before road bridge) (gps: -33.7477, 151.1277) by car or bus. Car: There is free parking available.

This is a return, so you will finish back at the start.

Find up to date and more information including; travel directions, weather, park closures and walker feedback at <http://wild.tl/scw>

### **0 | Troon Place(before road bridge)**

*(180 m 3 mins)* From Troon Place (before road bridge), this walk follows the 'Sheldon Forest Track' sign down the track. The walk crosses the wooden bridge into the small clearing. The track then follows behind some houses and the river bed until it arrives at another bridge near a waterfall.
